

CHARITIES SECTOR

2023/24 CALL FOR APPLICATIONS

The Charities Distributing Agency (CDA) established in terms of the Lotteries Act, 1997 (no. 57 of 1997 as amended) is once again able to consider applications from funding from the proceeds of the National Lottery.

The Charities sector's overall goal is to contribute to sustainable development of poor communities, poverty alleviation, and protection and support for vulnerable target groups through the provision of integrated holistic services.

In adjudicating applications, the CDA will give preference to applications that respond to social and economic challenges in underdeveloped areas; that advance the interests and participation of women, youth, and people with disabilities; that lead to job creation and retention; and that align to the priorities of government as captured in the NDP and the Economic Reconstruction and Recovery Plan (ERRP). Applicants will also be expected to demonstrate that they have the requisite capacity (i.e., personnel, skills, experience, systems) to manage the programme.

Note further that applicants may only apply for grants under one sector.

ADDITIONAL THEMATIC FUNDING SUPPORT FOR FOOD SECURITY AND CLIMATE CHANGE MITIGATION

NPOs applying under Programmes 1 – 3 with suitable physical infrastructure may include the following measures to be supported in their application:

- Establishment / expansion of homestead / community gardens / permaculture / micro-agriculture initiatives (excluding livestock) linked to or integrated with community development initiatives / social services for improved nutritional status of residents / clients.
- Measures for new **and** existing facilities to adapt these facilities for improved resilience to climate change e.g., renewable energy systems, rainwater harvesting systems, energy efficiency of buildings, greening of buildings and environments.

Note that the above funding streams will not stand alone but are additional elected measures to be supported as part of the application for Programmes 1 - 3.

PROGRAMME AREA ONE: EARLY CHILDHOOD DEVELOPMENT
